A Message from Yonkers Public Schools

Since its inception in 1881, Yonkers Public Schools has been committed to challenging the city's youth to aspire to their highest potential, and to inspire a life-long love of learning. We are the fourth largest school district in New York State with a vibrant learning community of 26,000 students from more than 100 cultures, backgrounds, and nationalities in grades prekindergarten through 12.

To succeed, the community and educational system must believe every child has unique learning needs and every child has the right to a strong foundation. Schools alone cannot provide students what they deserve and need to succeed. It requires supportive relationships with parents, guardians and caregivers, as well as partnerships with community-based organizations and stakeholders.

The Yonkers Public Schools created A Guide to Community-Based Organizations, which provides a list of local and state organizations throughout New York. The goal of this list is to provide resources to parents and guardians to allow them to empower themselves and their family. Each organization offers a variety of services such as: advocacy & community engagement, health care & insurance, housing, labor & employment, legal services & lawful status, public assistance, safety, and youth & education.

Our website (<https://www.yonkerspublicschools.org>) is also a great resource for students and families.
