

Flamenco: A Cross-Cultural Art Form | Global Oneness Project

Flamenco is an art form rooted in the Spanish culture for generations. Today, flamenco is popular all over the world and is taught in many countries. Students watch a 13-minute film, *Soleà* by Pedro Kos and Emmanuel Vaughan-Lee, which captures a day in the life of flamenco guitarist Juan RamÍrez. Through his eyes, we experience *Soleà*, the mother of flamenco, and Juan's unusual journey to master his craft. In this lesson, students explore the elements of the cross-cultural art form of flamenco as well as the themes of creative exploration, dedication and commitment, and music history. Reflective writing prompts are also included, containing additional sources, for students to demonstrate their understanding of the story.
