

Google Classroom

To join GOOGLE CLASSROOM you need a GMAIL account. You must sign up using your real first and last name. I suggest you create an account for educational purposes instead of using your gaming account. Keep your sign-in information somewhere safe, if you must re-join the class you will lose prior posted information. By joining GOOGLE CLASSROOM you will have access to important class information and resources for homework, to complete assignments if you are out sick, if we go remote. Feel free to show your parents your portal to keep them up-to-date on what we are learning in class, but this is YOUR ACCOUNT, any parents who join will be removed from class.

COMMERCIAL ILLUSTRATION **PERIOD 2**

To JOIN our class go to=
Class code=

Google.classroom.com
