

AP Psychology Summer Assignment

Watch a movie over the Summer called "The Experimenter" (2015) PG-13 starring Peter Sarsgaard and Winona Ryder chronicling the life and times of esteemed psychologist Stanley Milgram.

Answer the following questions and hand them to your psychology teacher on the first day of class in September. Please type your responses.

1. Why did Stanley Milgram conduct the "Obedience to authority" experiments
2. Describe the experiment where Milgram used "electric shock"
3. What were the outcomes of the aforementioned experiments.
4. Do you think that the results would be similar if these experiments were conducted today?
5. Do you think that the Milgram experiments were ethical? Explain.
